

## **Robert Stephens**

**OTC and Renovation Product Specialist**  
**American Financial Resources**

“I work when you work!” are the perfect words to describe Robert’s passion for his career.

Robert Stephens began in 1990 as a mortgage processor and during this time, truly learned the mortgage business. Looking to expand his footprint, he made the move into correspondent lending in the mid 2000’s; this is where Robert realized he can make an impact on a National basis. When he joined AFR in 2018 as a One-Time Close and Renovation Specialist, he realized it was an opportunity to truly help all borrowers wanting to build or renovate their dream home. When Robert knows he played a vital role in helping a Veteran build a home that is better suited for their new lifestyle, that represents a good day’s work.

He is truly honored to play a part in changing the mortgage industry for the better.
